

DEFENSE LOGISTICS AGENCY  
 LAND AND MARITIME  
 POST OFFICE BOX 3990  
 COLUMBUS, OH 43218-3990

April 14, 2017

Mr. Mike Brenner  
 U.S. Circuit Inc.  
 2071 Wineridge Place  
 Escondido, CA 92029

Dear Mr. Brenner:

Re: Retention/Verification of Qualification, MIL-PRF-55110H Amendment 1, Appendix A QPL Product Assurance Level, Reporting Period December 1, 2015 through November 30, 2016; CN 055488

Your annual summarized report of the results of MIL-PRF-55110 testing has been received. The data submitted is acceptable for the retention of qualification for the types listed below; therefore, the listing of your products is continued on the Qualified Products List QPL-55110 as shown below.

PLANT LOCATION: Same as above CAGE:66483

NEXT RETENTION REPORTING PERIOD	PRINTED BOARD TYPE AND BASE MATERIAL	QUALIFICATION REFERENCE NUMBER
December 1 through November 30	Type 3, GI Material Type 3, GF Material	55110-4157-081918* 55110-3541-081918*
<i>*Denotes etchback approval/#Denotes foil lamination approval</i>		

A retention report in accordance with paragraph A.4.5.1 of MIL-PRF-55110H, Amendment 1 shall be submitted to this Center by January 31 of each year or loss of qualification may result. The report shall be based on the reporting period above and shall include data from all products built under the current and previous qualification reference numbers, as applicable. The report must also include the group B raw data along with a completed Form 36W for each qualification reference number listed on QPL-55110. If the manufacturer has no certified production in the reporting period, the manufacturer must indicate this on the completed Form 36W. DLA Land and Maritime reserves the right to request evidence of the manufacturer's capability to produce QPL printed wiring boards as stipulated by paragraph A.4.5.3 of MIL-PRF-55110H, Amendment 1.

Manufacturers are required to inform DLA Land and Maritime-VQE within 3 business days if a failure occurs during group B testing, if production of these products is discontinued, or prior to issuance of a GIDEP Alert and/or Problem Advisory on product represented by this qualification. This qualification listing is valid through the expiration dates indicated by the last 6 digits of the qualification reference number (mmddy), provided that all requirements of the subject specification are met. A stop shipment/stop production is effective on the qualification expiration date unless approval is granted by DLA Land and Maritime-VQE to complete existing contracts. For questions concerning this letter, please contact Mr. Keith M. Powell at (614) 692-9508 or [vqe.kp@dla.mil](mailto:vqe.kp@dla.mil).

DLA Land and Maritime-VQ requests that all correspondences be submitted in electronic format. Examples of this include requests for technical evaluations, qualification and status reports, retention test data and requests for testing authorization (including test plans). In the event that a specific report or document is of very large size (>5 MB) please submit the information via digital media, e.g., cd or dvd. Electronic documents are a more efficient format and will help our office evaluate your questions or testing data in a more efficient and expeditious manner.

Sincerely,

For  
RAYMOND L. KOLONCHUK  
Chief  
Electronic Devices Branch
